

# Forth Energy Dundee Renewable Energy Plant

Members of the public are invited to attend a public exhibition providing information on Forth Energy's proposals for a Biomass Renewable Energy Plant at the Port of Dundee. This will provide feedback from our exhibition in January, and more information on the proposals. The project team will be available to discuss the proposals and there will be an opportunity to make comments.

Please come along to the exhibition if you would like to find out more or visit [www.forthenergy.co.uk](http://www.forthenergy.co.uk)
