Dear Lesley

Proposed Dundee Renewable Energy Plant: Application Under S36 of the Electricity Act 1989:

A point of clarification

We would like to clarify a point within Volume 4 - Dundee Renewable Energy Plant: Transport Statement August 2010, forming part of the application documentation for the application above. This clarification is made with regard to the public transport appraisal, within which there is a typographical error that states 'station' rather than 'stop' when referring to bus services using Peep O' Day Lane.

The amendment of "bus station" to "bus stop" needs to be made in:

Volume 4 – Dundee, Renewable Energy Plant: Transport Statement August 2010

Page 8 of 25

Paragraph Number: 4.3.2 first line
Paragraph Number: 4.3.3 first line
Paragraph Number: 4.3.5 second line

Page 9 of 25

Paragraph Number: 4.3.6 fourth line

We apologise for any confusion caused by this error.

Yours sincerely

Michaela Sullivan
Head of Planning
